VINEYARD

ENGINEERED HARDWOOD

Inspired by the lush and verdant vines of the Loire Valley, our new European oak line, Vineyard, will please the epicureans and influence the esthetes. The secret to this collection lies in the quality of the soil, the rich and fertile European ground.

From the light and fresh Chablis to the intense and rich Petrus, our six colors will take you on a journey through some of the most prestigious wine terroirs.

Let the unique character of oak, renowned for the purity of its appearance, be the foundation of a grand décor. The light wire-brushing brings to light the natural grain of the oak while the aluminum oxide insures the longevity of the hardwood.
