

GARRISON

Legends

Timeless favorites, masterfully curated.

A curated tribute to heritage and craftsmanship, the Legends Collection brings together Garrison's most celebrated floors from across our most iconic lines. Each color chosen from beloved historical collections like Du Bois, French Connection, and Villa Gialla - carries its own design legacy, now unified into one cohesive, elevated offering.

Available in widths of 7-1/2", 9-1/2", 10-1/4", and a classic herringbone pattern, every selection chosen for its popularity, lasting appeal, and enduring style. New additions introduce fresh notes to the palette, while the collection as a whole reflects a storied aesthetic rooted in old-world charm and modern elegance.

Let the Legends of Garrison become the foundation of yours.

Sample Variation Disclaimer: The beauty of hardwood flooring lies in natural variations in color, grain, and texture inherent in all wood products. Please expect variation in all flooring and understand that, although we color calibrate all of our photos, color may appear differently on different monitors, devices, and/or prints, and flooring will vary in hue and saturation based on differing lighting conditions. Samples that have been exposed to sunlight or naturally aged may differ slightly from the product received. Garrison accepts no liability for claims due to variations in color, grain, and/or character between samples and your installed floor. INSTALLATION IS ACCEPTANCE.

Product Disclaimer: All measurements are nominal. Wear layer refers to top layer thickness prior to treatment. Wire-brushing and/or distressing may marginally affect wear layer thickness. All boxes include starter boards.

Order Disclaimer: We recommend buying all flooring at the same time for your project. Otherwise, we cannot guarantee matching flooring if adding to an order. In the event additional flooring needs to be ordered, flooring may differ in color, grain, texture, and/or size due to inherent variations in natural wood products. When ordering, always factor in at least one full box for any/all unforeseen damage that may occur during the life of your floor. Please consider and allow for a waste factor of 3-5% on normal layouts and 5-10% on detailed layouts such as 45-degree angles, patterns, border work, etc. Please also include end joint stagger and note that minor imperfections are to be cut off prior to installation.

Installation Disclaimer: This flooring must be installed in accordance to our Installation Instructions, included in all cartons of our flooring. More detailed Installation Instructions can be found on our website at garrisoncollection.com. Improper installation will void your warranty.

Warranty Disclaimer: This flooring comes fully finished from the factory and requires no immediate surface treatment following installation. Improper installation or the use of improper products and/or cleaning methods will void your warranty. Please refer to full Care & Maintenance Guide available for this flooring at garrisoncollection.com.
