IMPORTANT LAMINATE CARE INFORMATION

AVOID EXCESS MOISTURE: Resists damage from wet/damp cleaning, surface spills, and tracked-in water for the length of the Wear Warranty, but standing water, extreme conditions, and water damage from disasters or emergencies are not covered.

TEMPERATURE & HUMIDITY: Maintain relative humidity between 35%–55% year-round and keep floor surface temperature under 82°F; outside these ranges, seasonal gapping or surface checking can occur.

SCRATCH PREVENTION: Use floor protectors that sit flat against the floor and walk-off mats at exterior entrances, since inadequate protectors and debris tracked in without mats are excluded from coverage.

SUNLIGHT EXPOSURE: Prolonged UV/sun exposure accelerates oxidation and can fade or discolor the floor, so periodically rearranging rugs and furniture is recommended to help it age evenly.

Sample Variation Disclaimer: Please understand that, although we color calibrate all of our photos, color may appear differently on different monitors, devices, and/or prints, and flooring will vary in hue and saturation based on different lighting conditions. Samples that have been exposed to sunlight or naturally aged may differ slightly from the product received. Garrison accepts no liability for claims due to variations in color, grain, and/or character between samples and your installed floor. INSTALLATION IS ACCEPTANCE.

Product Disclaimer: All measurements are nominal. Wear layer refers to top layer thickness prior to treatment. Wire-brushing and/or distressing may marginally affect wear layer thickness. All boxes include starter boards.

Order Disclaimer: We recommend buying all flooring at the same time for your project. Otherwise, we cannot guarantee matching flooring if adding to an order. In the event additional flooring needs to be ordered, flooring may differ in color, grain, texture, and/or size due to inherent variations in natural wood products. When ordering, always factor in at least one full box for any/all unforeseen damage that may occur during the life of your floor. Please consider and allow for a waste factor of 3-5% on normal layouts and 5-10% on detailed layouts such as 45-degree angles, patterns, border work, etc. Please also include end joint stagger and note that minor imperfections are to be cut off prior to installation.

Installation Disclaimer: This flooring must be installed in accordance to our Installation Instructions, included in all cartons of our flooring. More detailed Installation Instructions can be found on our website at garrisoncollection.com. Improper installation will void your warranty.

Warranty Disclaimer: This flooring comes fully finished from the factory and requires no immediate surface treatment following installation. Improper installation or the use of improper products and/or cleaning methods will void your warranty. Please refer to full Care & Maintenance Guide available for this flooring at garrisoncollection.com.
